**Recycled Rubber Bases**

Tube Bases are made from 100% recycled rubber in 8, 12 & 18 lb. weights. Each base has a convenient carrying handle and built in stacking ring to help keep bases together during transport to and from the job site.

- Unparelled durability in all weather conditions
- NCHRP350 Compliant
- Manufactured from durable low density polyethylene material with UV inhibitors to minimize fading
- Available with 8, 12 or 18 lb. recycled rubber base
- Handles allow for easy movement and can accomodate caution tape, flag line or rope
- Two or three recessed areas on stem can accomodate various sheeting patterns
- Protective ribs keep reflective sheeting looking crisp and new
- Ideal for construction work zones, airports, parking lots and job sites of all kinds
- High flourescent orange in color, also available in yellow, black and white in Looper Tube
- Extra large bottom flange stem holds the base and tube firmly into place with no pull through
