

TRAFFIX SIGN STAND

(Aluminum Leg)

FOR ROLL UP CONSTRUCTION SIGNS

PRODUCT INFORMATION

- Step-n-Drop leg feature enables you to quickly set-up the stand without having to bend over or stoop down. Simply place your foot on the release levers, step down and two legs will drop into position
- TraFFix stand's single spring design effectively spills the wind and holds a sign securely
- Compact stand weighs only 16 pounds, is easy to carry and stores in small areas
- Stand can be adjusted to three height levels. Each leg can be independently adjusted for greater stability on uneven terrain
- Telescoping legs create a wider stance for added stability in high wind situations
- For roll up signs only but versatile for city, utility and highway applications
- NCHRP-350 approved with roll up signs
